

Investment Management

Asset management is complex and involves many risks. Aside from critical governance and heavy compliance tasks, asset managers must ensure positive financial returns on investments. Even minor errors or omissions in management of funds can have severe financial impact for investors and the managing company. Our tailorable Investment Management insurance offers coverage (on market leading terms and conditions) under one policy for our Directors and Officers insurance, Professional Liability insurance, Crime insurance, and Cyber insurance.

- Underwritten to specific risks and exposures
- Broad appetite with a preference for European domiciled entities and limited activity in the US
- Market leading coverage forms that can be enhanced with integrated cyber coverage
- Ample capacity (EUR 25M+)
- Self-insured retention starts at EUR 30K for SME (revenues below EUR 50M)
